

Education Bulletin November 2022

Hello to wise owls on the friendship train.

Wow we had great workshop in the South Thankyou Hollywood for all your hard work.

When getting ready to write this month bulletin I decided to repeat some of the items from the workshop.

One of the fun things was what we thought Education means.

E- Educate the schools and students on our Scholarship programs.

D- Dare to make a difference with Gave 10.

U- Utilize the Web, social media, email, text and or write a note to get the word out about the Education program

C- Courage to make a Difference

A- Action speaks louder than words help each other with understanding this program

T- Ten items from each Aux member

I- Include other chairman such Americanism or Community Service

O- Outstanding Opportunity not only for Scholarship or Give 10 but for Membership.

N- Never get discourage just take things one step at a time and you will be successful.

I have had interest interest in the scholarship programs by potential applicants and this makes this owl Hoot. I can not wait to see the applications.

Please remember to Give 10 and keep track, the forms are on the website.

Mid-year reports are coming soon, please let me know if you have questions.

Have a safe and blessed Thanksgiving.
