

Education.

Wow here we are in February 2023 what a wild train we have had so far. I had a great time at the DEC and I hope that if you were able to make you did too.

I know we hearing a lot about getting ready for Super Bowl and then getting our taxes done (YUK) but I want to remind everyone that we do have our scholarship deadlines right around the corner.

The application is due to the district by March 1. If you look online at the national's web site, it does say units have to have them by March 1st but that is because not all states have districts. So, to keep in line with Nationals we have them to the districts by March 1st and then to this department chairman by March 15th.

The Certified department entry is due to western division chairman April 1.

The Certified division winner to the national chairman April 15

Then onto National Headquarters May 1

The Children of Warriors National President's Scholarship goes directly to Nationals. The final deadline is March 1. You will have to go onto the National Web site to apply www.ALAforVeterans.org. Nationals will notify the Department Secretary if we are chosen.

Let's be honest this Owl is not good deadlines but with Scholarship application it is very important because we do not want to miss out on a great opportunity.

I did go over this during the DEC but it really important to keep these deadlines in mind. I know life some times has us going down the wrong track but we need to be on the straight line towards the deadlines.

I know that we still need to update the application with the new eligible period, and it is in the works.

Please let me know if you any questions.

Tracy Varnell Fercho

Education Chairman Department California.
