

LEGISLATIVE – May 2023

Here are a few of the priorities set

by the nation’s largest organization of veterans, The American Legion!

Destigmatizing mental health services, and improving access to those services, to advance the Legion’s “BE the ONE” initiative to reduce and prevent veteran suicide.

Ensuring that VA is effectively resourced to deliver “the BEST care anywhere” for veterans in a hybrid system that includes tele-health and community services, as well as traditional treatment.

Changing U.S. Flag Code to permit common patriotic practices at major events and amending the Constitution to return to the states the ability to protect the flag from deliberate desecration.

This program is one of the most important things to share with your members and your neighbors! How easy it is to stay in contact with our Department and National veteran’s legislative priorities. If any action is needed, we can respond quickly to our representatives with the touch of the keyboard.

We are so lucky to be a part of the process of ensuring our veterans have the “BEST” along with all our respect and appreciation for their service to our country.

Wear your poppy proudly!
