**Legislative Program**

**April Bulletin 2024**

The California State Legislature adjourned for 2023 Legislature year. All Legislation that has survived to this point was sent to Governor Newsom for his signature or veto.

No bills that were supported by the Legion were vetoed. It was a very busy year in the world of Legislation, but there is so much more to do for this program.

Veterans and supporters are pushing for the addition of certain blood cancers to the list of service-connected conditions under the PACT Act, this move would provide healthcare and benefits to Gulf and Post-9/11 Veterans.

Tick tock, tick tock. What's that? The sound of a clock ticking, you still have time to turn in your end of year reports. YEAH! Who we are, what we do, why we matter, share your story, share our story. I look forward to hearing from you, and if you have any questions, please let me know.
