

National Security Bulletin 1

Welcome to National Security - AKA: Strategic Planning Commission! I look forward to working with all of the Strategic Planning Commissioners. This year Madam President Linda Hayes' theme is America the Beautiful. How do we make America Beautiful you ask? We start strategic planning at the Unit level.

How are the Units and Districts supporting Our Service Members? One way is to reach out to your local Blue Star Mother's Organization. You can volunteer when they are doing their care packaging events. You can donate items or money if you are unsure what to buy. You can involve your Juniors to fundraise or help out on the day of care packaging.

Another strategic plan is to donate to the Armed Services YMCA Twentynine Palms, Camp Pendleton or the San Diego Food Pantry. There are many Military families barely getting by and need those food pantries to feed their families.

Strategic Planning also means financial readiness. You can do this by protecting yourself against voice cloning scams, doing a checkup of your social media, setting up an alert with your bank to be notified when a transaction has been posted to your account, and always report a scam.

You can also be active within your neighborhoods by joining your Neighborhood Watch program. National Security is something we can practice within our neighborhoods. Look out for your neighbors. If you see something out of the ordinary, please contact your local law enforcement agency.
