

The snow dogs and President Lisa are jumping with joy for our two Departments that have already reached their 100% membership goal. Congratulations to the Department of Florida and the Department of Alaska!!

Currently, we have eight Departments that have already reached the May 24th goal of 95%, and we know that there are many more who are just a few members away from that finish line. Chairman Karen challenged everyone last week to see how many more Departments could reach 90% and man did you answer. We are now up to 15 Departments who have 90% or greater membership. Thank you for your hard work and keep mushing for those members.

In the Divisional Race: We want to thank all Divisions for their membership turn-in, everyone jumped at least half of a percentage point since last week.

The Western Division is in 1st Place with 91.54% They are doing their best to maintain their lead for President Lisa.
